Nearest cross streets/roads: _____

(Please use back of application to draw a map of your site, if located in a rural area – thanks!)

If 18 years or younger (optional for adults), please fill out the shaded section below:

Age: _____	Parent or Guardian Name: _____
Grade: _____	

How did you find out about this project? _____

In order to participate in this project, you are strongly encouraged to attend a special 60-minute training session on measuring rain and hail. Dates, times, and locations are posted on our Web site.

You will need a high capacity 4” diameter rain gauge to participate in this network (other gauges not accepted)

- I already have this particular type of gauge.
- I will purchase one from www.weatheryourway.com or <http://www.ambientweather.com/strgloteprra.html>

Rain gauge will be read and emptied daily at:

- 7:00 a.m. (*highly recommended*)
- 6:00 a.m.
- 8:00 a.m.
- Other time: _____

It is important to the project that your rain gauge is read and emptied at the same time each day. We ask that when you are not at home please report your “accumulated amount” for the days that you are away.

If you or a family member would like to volunteer for additional network duties, check here:

- YES, I would like to help — Contact me!

I would prefer: On-line Training To attend a Training Session Walk-in Training

Please return this form to:
